Registration Loan FAQs

What is a registration loan?

A registration loan is a loan using your vehicle registration as collateral for that short-term loan. Registration loans are an alternative to a title loan when you do not own your vehicle outright. A registration loan is a unique type of loan that's available only in the state of Arizona.

Will my credit be checked?

Yes, we will check your credit history before we determine if you qualify for a registration loan. Bad credit is ok.

How much does my vehicle have to be worth to get a registration loan?

We've accepted a wide range of vehicles that vary in year, make, model, and condition. Southwest Title Loans does not charge a fee to find out how much your car is worth, so you can always see how much your vehicle is worth for free.
